**Essential Reiki Teaching Manual** Diane Stein 2011-02-23 Reiki master and best-selling author Diane Stein has been a dedicated hands-on healer since 1988. Stein believes strongly that this powerful healing art, once a closely guarded secret tradition, should be accessible and available to all. Since she began teaching in 1990, Stein has initiated thousands of students in all three levels of Reiki healing. Through these efforts she developed a comprehensive teaching method that encompasses the fundamentals of this ancient system. The ESSENTIAL REIKI TEACHING MANUAL equips the Reiki initiate with the practical tools needed for launching a Reiki healing practice, leading a Reiki workshop, and becoming a more effective Reiki practitioner. This hands-on instructional guide together with the digitally re-mastered DIANE STEIN'S ESSENTIAL REIKI WORKSHOP DVD is the next best thing to a personal teaching session with Diane Stein herself.

**Essential Reiki** Diane Stein 2011-02-02 Reiki is an ancient and profoundly simple system of “laying on of hands” healing derived from Tibetan Buddhism. In the West, Reiki has been kept highly secret for many years. ESSENTIAL REIKI presents full information on all three degrees of this healing system, most of it in print for the first time. Teaching from the perspective that Reiki healing belongs to all people, Diane Stein breaks new ground in her classic guide to this ancient practice. While no book can replace the directly received Reiki “attunements,” ESSENTIAL REIKI provides everything else that the healer, practitioner, and teacher of this system needs.

Reiki Manual for First Degree (Shoden): Reiki Healing for Beginners, in the Japanese Style T. W. King 2005-10 This is something different. Rather than being a book about Reiki for the general public to read, this is a copy of the actual training manual given to First Degree students of Reiki Evolution, the well-known UK Reiki training organisation. The manual is different for several reasons. Firstly, it is easy-to-read, down-to-earth and really comprehensive, a complete and clear guide to the practice of Reiki at First Degree, ideal for people finding out about Reiki for the first time, and ideal for practitioners and Master alike. The manual is all about Reiki, and Reiki alone, rather than about various New Age practices that have crept into Reiki over the years, like crystals and Angels and spirit guides. And rather than presenting the Western style of Reiki that is covered in most Reiki books on the market (usually described as traditional Usui Reiki ), this manual focuses on the form of Reiki that was taught by Reiki s founder, Mikao Usui, in the 1920s in Japan, and is based on information coming from a group of elderly students of Reiki s founder. In its original form Reiki was not so much a treatment method as a simple self-healing and self/spiritual-development method which could potentially be used on other people. So in this manual you will learn authentic energy practices that you can use on yourself each day to further your self-healing and your spiritual development, you will focus on the Reiki precepts (in their original form, not the altered Western version), and you will learn about the role of mindfulness in the original system. The manual presents a wealth of background information about Reiki, including an up to date history of Reiki, and you will also learn a simple and non-dogmatic approach to working on yourself and treating others. Many people attending Reiki courses do not receive any sort of a course manual, or perhaps just a few sheets of paper, and the Reiki Evolution Shoden manual will be of great help to those who have already learned Reiki, but who want to have more of a solid introduction to the subject, or who want to learn more about the system that Reiki s founder was teaching, rather than the Western version taught on most Reiki courses. It also provides a comprehensive introduction to Reiki for those who are interested in finding out about Reiki for the first time.
