"There is honor in meeting and overcoming life's challenges." This is the theme of Shine in Your Life's Journey (for students) and is meant to inspire children of all ages with the belief that with meaningful learning tools, they have the power to meet their personal challenges and goals with courage and purpose. Shine In Your Life's Journey is a simply formatted, straightforward guide/workbook to help students learn the important values and behaviors that build and sustain a strong character. Containing concise, thought-provoking, and enjoyable lessons, this easy-to-use guide encourages its student users to discover their own innate strengths as well as improve areas of lesser strengths that will help them achieve their hopes, dreams, and goals in their lives. The lessons are divided into three sections: Being an Honorable Person, Self-Discovery, and Self-Empowerment, and are a result of the curriculum the author has developed for the children he teaches and mentors at Jasper Mountain Center in Jasper, Oregon, an internationally renowned residential facility that addresses the significant needs of children and their families who have suffered the trauma of abuse. Author Greg Ahlijian has been a volunteer at the Jasper Mountain facility since 2008, teaching and mentoring children from ages 8-14 about character development, nature, and poetry. Inspired by the children, he has written two books that contain life lessons: The Large Rock and the Little Yew teaches the virtues of courage, perseverance, self-respect, and hope; and An Elephant Would Be Wonderful, a book about self-discovery. He says, "To be able to provide a smile on a child's face, a bit of joy or inspiration, is what my book projects are all about!"

The 48 Laws of Power Robert Greene 2010-09-03 THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power. (From the Playboy interview with Jay-Z, April 2003)

PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? **JAY-Z:** I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In The 48 Laws of Power, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

Whale Shines Fiona Robinson 2013-11-05 "All day, Whale swims through the ocean, wearing a poster advertising the big upcoming art exhibition. He visits the eel who wriggles abstract patterns in the sand, the squid who paints with ink, and the hammerhead shark who builds sculptures from salvage. Whale sees his friends' confidence and creativity and wishes he could be an artist too, but he doesn't know what to make and insists he's too ungainly to create art. Then one day, with the unexpected help of some bioluminescent plankton, he discovers his own distinct point of view and talent. From the award-winning author-illustrator of What Animals Really Like, hailed by School Library Journal as "sublime silliness," comes another inspiring tale about defying expectation and finding the artist within. Praise for Whale Shines **STARRED REVIEW** "At its core, Robinson's (What Animals Really Like) story is a tried and true tale of a wallflower realizing his potential. But her understated, offbeat voice and visuals--a mashup of classicism and graphic novel sensibilities--makes this a standout: up-to-the-minute modern in its irreverence and offhandedness, yet timeless in its understanding of a character's yearning." --Publishers Weekly, starred review "Sharp contrasts between light and dark are beautiful." --Kirkus Reviews "Children will embrace and understand the sincere, undervalued message of art as substantive and a way to "share one's world.!? This inspiring tale of artistic collaboration between the whale and bioluminescent plankton will be shared again and again." --School Library Journal "The watercolor and pencil art makes excellent use of the spreads' wide horizontality; while the art projects and, indeed, the underwater world are on the literal side for such an artistic-themed story, there's a murky charm to life in the briny deep... What's particularly appealing here is the casual inclusion of a wide variety of approaches to art, making this an entertaining lead-in to art projects, especially those involving the natural world." --Bulletin of The Center for Children's Books

The Moon Shines Down Margaret Wise Brown 2008-11-02 The Moon Shines Down by Margaret Wise Brown Illustrated by Linda Bleck Forgotten for decades in a dusty, tucked-away trunk, The Moon Shines Down brings to life once more the unmistakable voice of Margaret Wise Brown. This soon-to-be classic allows a whole new generation of children to discover, cherish, and enjoy the artistry of this beloved author. Never before published, The Moon Shines Down on children all over the world from right next door to across the sea, from where "a Dutch boy dreams" and "cowbells ring" to "across the sea in the Far, Far East", through the familiar prayer: I see the Moon And the Moon sees me. God bless the Moon, And God bless me. Margaret Wise Brown (1910-1952) was a pioneer of children's literature, choosing to write the stories that children wanted to hear--rather than those that grown-ups wanted to tell. She is best known for her now classic Good Night Moon and Runaway Bunny, which remain among the world's best-selling children's books. Margaret was a prolific writer, and, at the peak of her career, she had over 100 books in print. Her untimely death left numerous manuscripts and ideas behind in various stages of completion. After a time, these were tucked away in a cedar trunk and largely forgotten. It is from this forgotten trunk that The Moon Shines Down was rescued. Illustrator Linda Bleck began her artistic career as a child, drawing on rolls of old blueprint paper supplied by her architect father. Later, she helped her mother, a freelance illustrator for Hallmark, paint in the details of her intricate drawings. Linda's work has appeared in The New Yorker, Time Magazine, and the Wall Street Journal. She is also the writer and illustrator of the "Pepper the Dog" series, which won the National Parenting Publication Award. Linda and her family now live in southern Wisconsin . . . where the moon shines down on them, one and all. The Story Behind the Lost Manuscript . . . The Moon Shines Down from MARGARET WISE BROWN, the Author of Goodnight Moon The Moon Shines Down is being published for the first time 56 years after the death of the beloved children's author Margaret Wise Brown. Amazingly, this unpublished manuscript lay incomplete and forgotten in a cedar trunk in a Vermont barn. When it was discovered, the onionskin paper had yellowed and the paperclips that held the pages together had rusted. Children's book publisher, Laura Minchew, a longtime fan of Brown, took on the challenge to complete the work. Based on the New England Sampler prayer, "God Bless the Moon and God Bless Me," this soon-to-be bedtime classic is a prayer for God's blessing on all the world's children.

Shine Bright Danyel Smith 2022-04-19 American pop music is arguably this country's greatest cultural contribution to the world, and its singular voice and virtuosity were created by a shining thread of Black women geniuses stretching back to the country's founding. This is their surprising, heartbreaking, soaring story--from "one of the generation's greatest, most insightful, most nuanced writers in pop culture" (Shea Serrano) "This book is revelatory about the specific experiences of Black women in music."--Dawnie Walton, author of The Final Revival of Opal & Nev ONE OF THE MOST ANTICIPATED BOOKS OF 2022--Oprah Daily, Essence, Electric Lit A weave of biography, criticism, and memoir, Shine Bright is Danyel Smith's intimate history of Black women's music as the foundational story of American pop. Smith has been writing this history for more than five years. But as a music fan, and then as an essayist, editor (Vibe, Billboard), and podcast host (Black Girl Songbook), she has been living this history since she was a latchkey kid listening to "Midnight Train to Georgia" on the family stereo. Smith's detailed narrative begins with Phillis Wheatley, an enslaved woman who sang her poems, and continues through the stories of Mahalia Jackson, Dionne Warwick, Aretha Franklin, Gladys Knight, and Mariah Carey, as well as the under-considered careers of Marilynn McCoo, Deniece Williams, and Jody Watley. Shine Bright is an overdue paean to musical masters whose true stories and genius have been hidden in plain sight--and the book Danyel Smith was born to write.
